ABOUT ME

A software developer with over 6 years of experience focused on building applications using React, Blazor, and .NET MAUI.

WORK EXPERIENCE

Full-Stack Developer

Maccan Travel, Iran | 2024 – Present

Built React-based web apps for tourism management.

Technologies Used: **DevExtreme**, **Tailwind CSS**, **React**, **ASP.NET Core**

Blazor Developer

Bit Foundation, Netherlands | 2022 – 2024

Core contributor to **bit Platform**, building project templates, UI components and cross-platform apps.

Technologies Used: **.NET MAUI**, **Blazor**

Mobile and Web Developer

Abrisham, Iran | 2022 – 2023

Built and published a health app for women, available on Google Play and as a Progressive Web App (PWA).

Technologies Used: **.NET MAUI**, **Blazor**

Mobile Developer

MediaPardazesh, Iran | 2021 – 2022

Developed an Android gallery app pre-installed on GPlus devices.

Technologies Used: **Xamarin.Forms**

Freelance Projects

- **RioPlay**: A productivity and educational app (India - 2024)
- **FxFiles**: An [open-source](#) file management app (Canada - 2022)
- **Nikola**: A smart home management app (Netherlands - 2020)
- **Health Check**: A human health diagnostic app (Netherlands - 2020)
- **Redemption**: A cross-platform shopping app (Netherlands - 2020)
- **Qontent**: A quiz game and streaming app (Netherlands - 2020)
